

DAY C

Victor Ivanovsky

**Head of Cloud Security
Rostelecom**

**"C" stands for
"Cybercrime"**

Technology is the first pillar of cybersecurity

**Second pillar:
We need people
to cyber fight**

**Knowledge is
the third key
component**

**Our future is
not a game of
chance!**

Cyber education: Awareness

Cyber education:
academic
knowledge

Cyber education: CTF events...

A dark, moody photograph of a man from the side, wearing large Sony headphones and glasses. He is looking down at a computer keyboard. In front of him is a monitor displaying a terminal window with green and blue text, likely code or logs. A smaller window below it shows a web page with some text and images.

**They raise up
both white and
black hats...**

We need cyber
defenders!

**2019th
must be the year
of Cyber Standoff
in Dubai!**

**Let's move on to
cyber secure
future together!**
